

BIG ICE CONSUMERS WILL FIGHT INCREASED CHARGES.

Meeting Called This Afternoon to Consider Other Means of Getting Season's Supply.

RATES BOOSTED TOO HIGH

That is Claim of Hotel Men, Butchers and Other Consumers Who Say They Will Not Submit to Alleged Excessive Prices.

The large consumers of ice in Connellville do not propose to pay the alleged excessive prices asked by the Young Crystal Ice & Storage Company without a battle. A meeting has been called this afternoon in which the hotel men, butchers and other large ice users will consider two alternatives. One is to have ice shipped here from other points; the other to leave the ice plant at Dunbar and manufacture any quantity that will be needed. In both instances those interested in the proposition will pay their share of the cost and it is stated that by either method ice can be secured at a lower figure than the prices quoted by the local "ice trust."

The hotel men are particularly antagonistic towards the local ice company. Last year they were charged 50 cents a ton, placed in refrigerators. This year the price is \$1.05 per ton, delivered at the curb. A flat rate, in addition to this, will be charged for placing ice in refrigerators. This will make the cost of ice to hotel keepers almost double that charged last year.

The butchers also had the benefit of the 50 cent rate last year. They will now be required to pay the increased rate of \$1.05 per 300 pounds, delivered at the curb, against 50 cents last year placed in refrigerators.

The drug stores and confectioners are not pleased by the increase in price because they got their job last summer when the price was raised from 30 cents per hundred to 35 cents. They will, however, be affected by the curb delivery rule.

It was stated today that other ice concerns in this section are making a bid for patronage and offer better inducements than the Young Crystal Ice & Storage Company. At the meeting this afternoon the various propositions will be discussed at length. Those interested have learned of a railroad siding on a property which can be leased for a reasonable figure. If it is decided to have ice shipped from other points, a storage warehouse will be erected. The ice plant at Dunbar is idle and can be leased for a reasonable figure in event it is decided to manufacture the ice.

An association is planned which will permit all large consumers of ice to participate in the cooperative plan, regardless whether the ice is manufactured or purchased from other concerns.

The small consumers, who also feel the alleged burden imposed by the ice company, cannot view the plan of the large users with favor. The price of ice is a public matter, they say, and the Young Crystal Ice & Storage Company has no right to increase the price of ice without the consent of the public.

The fact that ice is something practically unknown on local ice wagons and takes out from blocks are weighed by the eye will likely cause a more moderate than usual this year. Home scales are expected to do a thriving business checking up to the home's idea of 20 pounds for the 10 cent ticket.

Troops Suppress French Wine Riots

United Press Telegram. SPERNA, France, April 12.—Thirteen thousand government troops, consisting of artillery, infantry and cavalry, are now occupying Sperna and neighboring towns where the wine riots of the last week have occurred, causing a loss of millions of dollars.

Smoke from the ruins of the wine establishments cast a haze over the country for miles. The troops are under orders to shoot anyone committing acts of vandalism or arson. The government threatens to throw 50,000 more troops into the district. The trouble has been caused by the question as to what districts shall be cordoned to mark their wines "champagne."

Routine Matters in County Courts

John Eggleston has entered suit for divorce from Anna Eggleston, his wife. The parties are colored and live in South Connellville. Indefinite delay. Factors in the divorce suit of Margaret Banks against Left Banks, both of Mt. Braddock, have also been filed at Uniontown. Diversion is the charge.

Burglars Busy Out at Trotter

Burglars have made several unsuccessful attempts to break into a number of Trotter homes in the past few nights. Last night about 11:30 o'clock an attempt was made to gain an entrance to the home of Anthony McNulty, William McNulty, a son who was prepping his lessons, heard a noise in the rear of the house and immediately started to make an investigation. As he was about to enter the kitchen he discovered a man raising the window. He called to the other members of the family and as a result the burglar made his escape.

On Tuesday night an attempt was made to enter the home of Patrick Ryan on the West Side Hill.

Truancy Costs Haines a Fine

James Haines of the West Side was arraigned before Judge W. H. Clark last evening because of the truancy of his son, John. The lad had missed 14 days of the present term from the No. 5 room of Miss Frances Haines on the West Side.

Haines was fined \$2 and costs for his boy's failure to attend school. Truant officer H. E. Stillwagon made the information.

A NARROW ESCAPE

For 100 Men and Women in a New York Factory. NEW YORK, April 12.—(Special.)—One hundred men and women employed in the plant of the Manhattan Soap Company had a narrow escape from death in a fire that destroyed the building today.

Court Officers in Bar Room Brawl

Special to The Courier. UNIONTOWN, April 12.—As the outcome of a bar room brawl last night Sheriff P. A. Adams and County Detective Alex McElroy both pulled guns on Lon Beckert in the office of Squire D. M. Hierer after Beckert had given bail for court on the charge of assault and battery preferred against him by Deputy Sheriff Garrett Elnaue. Several of the spectators, bystanders, were visibly intoxicated.

Petitions Now With Postmaster

The petitions for Sunday closing of the postoffice were this morning turned over to Postmaster A. E. Kurtz and will be forwarded to Washington without recommendation on his part. Postmaster Kurtz believes the recommendation of the Postoffice Department meets the end sought by the petitioners, and that Sunday labor for the postal employees is reduced to a minimum. Even should the request of the petitioners be carried out, the lobby of the office would not be disturbed. The result is reducing the amount of labor performed.

Agents for Hose are Rushing "Cy."

Agents for hose are in town. They are interviewing Chairman C. M. Storer of the Public Safety Committee almost every hour of the day. It is estimated that they have seen him at least a dozen times. The agents are rushing "Cy." and it is not the daily article that dry goods houses and department stores put out. The agents are rushing "Cy." and it is not the daily article that dry goods houses and department stores put out.

Town Council Meets Tonight

The regular meeting of Town Council will be held this evening. Unless something unexpected develops there will be no session of the Council. The meeting of the Public Safety Committee may renew his plea for the bond issue to buy an automobile and put up a fire house.

Copy Clerk is Held Up

Special to The Courier. UNIONTOWN, April 12.—If McCune copy clerk in the court house, was held up along Gallatin avenue, near the borough line, while on his way home last night. A man who had followed him from town down a gun on McCune and ordered him to hand over his valuables.

York Avenue Took Fall Last Night

The collapse of the surface of York avenue, near Fayette street, was reported to the police last evening. Chairman C. M. Storer of the Public Safety Committee was notified and arranged for a large pile of earth to be piled.

TO BEGIN DEBATE

On Reciprocity Tomorrow is Plan That is Agreed Upon. WASHINGTON, D. C., April 12.—(Special.)—At the first full meeting of the Ways and Means Committee today, an amendment to the tariff bill was favorably reported.

COMMENCEMENT IN DUNBAR TWP.

The Date Set by the Board is Thursday, June 1st.

BACCALAUREATE MAY 28

Special Meeting of the Township Board Held at the Arlington Hotel Last Evening and Tax Duplicate Will Be Up April 25.

All members of the Dunbar township school board were present at a special meeting held last evening at the Arlington Hotel for the purpose of transacting business of a routine nature. Owing to the board not holding a regular meeting lately, unfinished business was brought up and disposed of. The building committee was instructed to look after the buildings in need of any improvements and report at the next meeting. Wednesday evening, April 25, a special meeting will be held at the Arlington Hotel for the purpose of going over the tax duplicates.

Presidential Timber Sprouts

United Press Telegram. INDIANAPOLIS, Ind., April 12.—Presidential wood sawing was in progress about the hotel public here today. That brought the best display of the National Democratic banner at the National Democratic banquet which more than 1,000 Democrats from various parts of the country will attend.

Fifteen Battles by the Insurrectos

United Press Telegram. SAN DIEGO, Cal., April 12.—Fifteen battles have been fought since the Mexican insurrection began, now of which has been suppressed, according to Dr. David A. Watkins, a newspaper man who arrived here from Mexico City today.

POPULAR ELECTION

Of United States Senators is Called Up in the House. WASHINGTON, April 12.—(Special.)—Immediately after the House convened today, Representative Ruckelshaus, of Ohio, called for the joint resolution providing for the constitution of an amendment to elect United States Senators by a direct vote of the people.

Yeggenman Blow Safe

WINCHESTER, N. H., April 12.—(Special.)—After breaking into the Winchester National Bank early today and blowing the massive outside door of the vault, six yeggenmen were frightened away before they could get to the \$25,000 cash deposited on the inside.

Young Men at Smithton Take Joy Ride on Electric Motor in Coal Mine.

A joy ride on an "electric mule" through the Europa mine of the Pittsburgh Coal Company at Smithton, may be a very serious matter for Charles Pancoast and Samuel Smithey. The men were before Squire Truxal at Greensburg yesterday and were held for court charged with violating the mining laws. The escapade occurred April 2, it seems.

EASTER STORM BUFFETS COUNTY.

For Past 48 Hours the Gale Raged Without Cessation.

LASTED LONGER THAN USUAL

Seldom Do Mountain Storms Continue For More Than 24 Hours But This One Kept Up With Increasing Violence For Two Days.

The mountain storm that has been raging buffeting Connellville and vicinity for the past 48 hours is probably the longest storm of the weatherwise season as we usually have a wind storm just prior to Easter. Easter moves westward, but the Easter storm goes right along with it.

The mountain storms in and about Connellville are not usually long-lived. They do not usually last more than 24 hours, but they make things lively while they are sweeping through the atmosphere. They can always be detected by their voice. It is a peculiar moaning, mournful sound, like the howl of a wolf. While those storms make things up considerably, they seldom do any very serious damage. A recent fuel shortage in the city seems to be of local character. Often they are not felt above Indian Creek or below the Rock Ridge school house. The present storm was local in character.

Mrs. Joy Follows Husband to Grave

Twelve days after the death of her husband, Mrs. Frederick Joy died this morning about 8 o'clock at her late home near the Rock Ridge school house, following a lingering illness of cancer of the stomach. Mrs. Joy's husband was stricken as the time of her death was approaching. She had been suffering from the disease for some time and was highly respected by her wide circle of friends. She is survived by five children, Walter, Herbert of Springfield township; Harry, of town; and Fred and Mary at home. Notice of funeral later.

THE SHERN BILL PASSES THE HOUSE.

It Will Make Impeachment of Unfit Judges an Easy Matter.

BILL NOW IN THE SENATE

Had Eight More Votes Than Constitutional Majority in House Where Hard Fight Was Made Against It. Other New Legislation at Capital.

Special to The Courier. HARRISBURG, Pa., April 12.—By a majority of 35 votes, eight over the constitutional majority, the vote being 112 to 75, the bill of Representative David J. Shern, of Philadelphia, providing means to investigate judges accused of being guilty of conduct unbecoming an occupant of the bench, passed the House yesterday morning.

The bill virtually originated among Senators, and probably two of the most interested were President William E. Crow, of Fayette, and George M. Wertz, of Cambria, and after the battle, these two were the guests of honor at a banquet given by the Assemblyman Guyan, of Fayette, endeavored to kill the bill with an amendment to include all county officers.

The bill, after being passed by the House, was hurried to the Senate, where it was reported from committee with a first time. If this schedule is maintained, the measure will pass finally next Wednesday.

Various rumors are floating around as to the purpose of the legislation, and some of them would indicate that there is apparent need of inquiry in certain localities, and it is not unlikely that several judges in the State may be made the subject of investigation.

The bill provides that, when 100 or more qualified electors of a judicial district shall petition the Governor, with charges against a judge, supported by an affidavit of at least 100 of them, a commission named by the Governor shall investigate the charges.

There are to be three commissioners, none residing in the judicial district, and adjoining districts, two of them lawyers entitled to practice before the Supreme Court, and one to be paid \$500. The petition is to be accompanied by a \$5,000 bond, signed by five persons, with two sureties each, to be paid the Governor, for payment of all costs, including those of the accused, should the commission so recommend. The investigators are to sit at the county seat or one of its seats that may be in the judicial district, and the investigation is to be public.

ANSWER THIS QUESTION OUT LOUD:

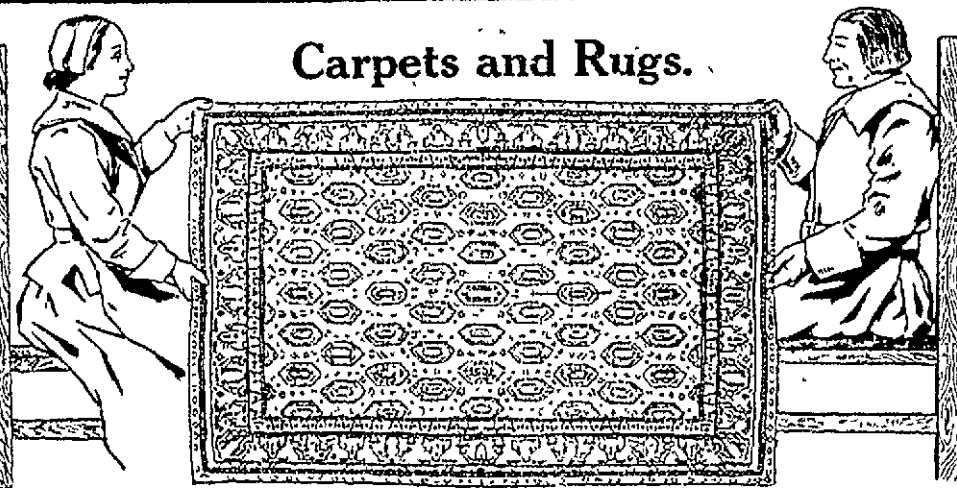

"Why pay out good money for common, undesirable, unknown furniture when you can get the best known, best made brands without additional cost?"

We wish to impress the fact upon your mind that the makers of the best known brands of furniture in America have chosen the Aaron store as their sole representative in this part of the country. Yet this exclusiveness does not add a cent to the price you pay for the goods in question.

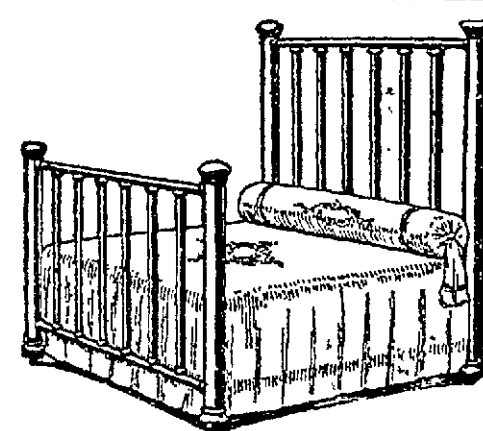

You know us of old. You know we have revolutionized the retail furniture trade in Western Pennsylvania. You know we are the ones who compelled the marking of ALL prices in PLAIN FIGURES. You know we have built up a big business from an extremely modest beginning.

Misrepresenting did not do this. Advertising did not do it. The sole cause of our wonderful growth is Value Giving, courteous treatment of the public, a real and sincere desire to be of such benefit to you as to make you need us. Let these thoughts sink in. Think of them when ready to buy furniture!

Danderine

EVERYBODY CAN HAVE BEAUTIFUL HAIR NOW, and they don't have to wait weeks and months for results either. You will notice marked improvement after the very first application.

Danderine is quickly and thoroughly absorbed by the scalp and the hair soon shows the effects of its wonderfully exhilarating and life producing qualities. It is pleasant and easy to use—simply apply it to the scalp and hair once a day until the hair begins to grow, then two or three times a week till desired results are obtained.

A lady from California writes in substance as follows: I have been using your wonderful hair lotion for several months and it has done for me what I have never been able to do before. My hair is now as thick and healthy as it ever was.

Another from New Jersey writes: After using your lotion I am happy to say that I have now a beautiful head of hair as anyone in New Jersey.

The Great Hair-Growing Remedy can now be had at all drug stores in three sizes: 25c, 50c and \$1.00 per bottle.

Free To show how quickly Danderine works, we will send you a free sample of this fine remedy to the people of the United States. Write to the Danderine Co., 1111 Broadway, New York, and we will send you a sample of this fine remedy to the people of the United States.

Grows Hair and we can PROVE IT!

THE JUDICIAL PROBE

IN FAYETTE COUNTY.
The Sherrill bill providing a procedure for the investigation of judges accused of unbecoming conduct is likely to become a law.
While it is intimated that it is a political bill destined perhaps to play a part in the factional politics of Fayette county, it is nevertheless a bill that cannot be seriously objected to. It merely provides the manner in which charges against the judiciary who are accused of improper conduct, shall be investigated. The power which passes judgment upon this evidence is unchanged. In fact, it cannot be changed by legislative enactment for the reason that it is fixed by the Constitution.

The only possible objection to the bill is that it is retroactive, and this might be a fatal objection in procedure under it, though it must be admitted that there is plenty of room on both sides for argument.
We do not, however, believe that there will be any occasion to employ the provisions of this law in Fayette county.

THE RETIREMENT OF

CARNEGIE'S YOUNG PARTNERS.
Carnegie's Young Partners seem to be slipping away from the United States Steel Corporation pretty rapidly since the ten-year term for which they agreed to serve as officers and managers has expired.

It is positively rumored that a number of them will ally themselves with Charles M. Schwab in establishing a formidable opposition to the Steel Corporation. The rumor may be well or ill founded, but the circumstances look rather suspicious. There are now outside the Carnegie works, William H. Miller, James Gayler, Verrill Preston, A. C. Dinkley and William H. Dickson.

However, it is more probable that all these Young Partners have retired either for ease or for the purpose of devoting their time to their private interests.

Governor Tener's warning note about the chaotic blight in Fayette county has been introduced in the Legislature. A bill has been introduced appropriating \$15,000 toward that excellent work. Fayette mountains are full of chaotic timber and it is very valuable. Then there are the chert-quartzites. In the eyes of the small boy, they are even more valuable.

It is proposed to regulate the moving picture shows. The word of some of them is suspected of being too fast.

When a Connelville moves out of his head he moves out of his seat. The number of blunders this spring has materially changed the personnel but not the political complexion of the town. The Republican Administration is still intact.

It is hard enough for Steinman to have to go to the Fe, but to have to go to Kansas, too!

The petitioners for the Sunday closing of the postoffice want it locked up tightly all day long. They are for the cork and no compromise. In view of the explanation of Postmaster Kautz concerning the accumulation of mail matter and the difficulty of handling it afterwards, it must be understood that the Sunday closing movement is not prompted by sympathy for the clerks, but by Sabbatharian sentiment only.

The Tenth regiment hospital corps proved to be in a healthy state of efficiency.

The farmers who have been raising quail are now casting about for means to protect them from the hunters. They will probably find this the more difficult undertaking.

The Uniontown Standard objects to that portion of the decision of Judge Van Swearingen in the Connelville case which places the cost upon the borough. At this is customary and proper. If the petitioners acted in good faith, the presumption is that they did, and that presumption stands unless it is disproven by evidence.

That pile of pig iron at Dunbar is the sparkling place of a large array of brilliant local talent.

It is announced that there will be few changes in the Hallors & Olin summer schedule in the meantime, the Uniontown people are petitioning the Pennsylvania Railroad Company to put on another and later evening train from Pittsburgh to Uniontown. Connelville doesn't need any later train out of Pittsburgh, but it would like to have a train from Connelville to Pittsburgh at the noon hour.

Hickman, the Benner county murderer under sentence of death, has a habit of breaking jail, but he never gets far enough away to lose himself.

The West Penn service seems to be a good training school.

Lawrence Kelly, an honest Connelville mechanic, was arrested by Pittsburgh detectives and dragged to the Allegheny county jail on a charge of larceny. At the hearing, he proved his innocence and was discharged from custody, but not until he had suffered the danger and discomfort of being imprisoned and treated as a criminal. Officers of the law are clothed with great powers and they should exercise prudence in using them. Some officers seldom use any discretion whatever.

The borough finances are running a little too close to the overdraft shore.

The weather man seems to be about thirty days in arrears.
